

School Closure Information for Parents

What to do should the weather conditions dictate that the school is closed to students.

Do not telephone the school – there may not be anyone there to take your call.

Using the internet, go onto www.northamptonshire.gov.uk - follow the links:- Education / Information for parents / school closures - find out if your child's school is closed **or** follow the link on the school website: www.danetre.northants.sch.uk

All Northamptonshire schools that are closed for that day are listed on this site.

Listen to local radio – they will also have the same information.

BBC Radio Northampton 104.2 & 103.6FM

December 2008
